Mr. Gene F. Wilson  
Information and Privacy Coordinator  
Central Intelligence Agency  
Washington, D.C. 20505

Dear Mr. Wilson:

It has been some six months since I first requested records pertaining to [redacted] under 5 U.S.C. 552. Since then we have corresponded and I have received information from you through four other agencies. This information has been very much appreciated. However, I have yet to receive any C.I.A. generated material. Could you estimate how much more time it will take to complete my request.

Please do not infer that I am trying to rush you in answering my request. I realize your F.O.I.A. problems and understand your willingness to conduct a complete search. All that I ask is a very rough estimate as to your completion date.

In a related matter, does your agency have a copy of the deposition taken of [redacted] in relation to a law suit filed in Dade County Florida Circuit Court. Eleventh Judicial Circuit Civil

[redacted] I am interested in obtaining a copy of the above mentioned deposition. It was taken in New York but never filed in Dade County.

In an unrelated matter, I am interested in photographs taken at Miami International Airport of the passengers disembarking from the late afternoon Pan American flight from Havana, Cuba, on 3 November 1961. Please advise me if you have any such photographs. If unavailable please advise me as to where I might obtain said photographs.

In reference to my letter of 5 September 1977 and your answer of 22 September 1977 as to my second question, you stated you have no authority to release documents not originating with your agency. Recently I read that the F.B.I. released Interpol reports pursuant to a F.O.I.A. request. Why can they release such documents and you cannot?
